| Important Questions | Answers | Why This Matters: |
|---|---|---|
| What is the overall deductible ? | In-Network - \$3,500/individual or \$7,000/family; Out-of-Network - \$7,000/individual or \$14,000/family | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . |
| Are there services covered before you meet your deductible ? | Yes. Preventive Care (as defined in your Member Benefit Agreement) and most services that require a copayment . | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ . Refer to your Member Benefit Agreement for more information. |
| Are there other deductibles for specific services? | No. | None |
| What is the out-of-pocket limit for this plan ? | In-Network - \$7,000/individual or \$14,000/family; Out-of-Network - \$14,000/individual or \$28,000/family | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| What is not included in the out-of-pocket limit ? | Premiums, balance billing charges (charges above the allowed amount), and health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limit . |
| Will you pay less if you use a network provider ? | Yes. See www.healthoptions.org or call 1-855-624-6463 for a list of network providers . | This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. |

| Do you need a referral to see a specialist ? | No. | You can see the specialist you choose without a referral . |
