

PPO Out of Network Lower Cost Provider Benefit Request Form

You may qualify to have your Out-of-Network expenses applied to your In-Network Deductible and Out-of-Pocket Maximum if:

- You are enrolled in a PPO plan between January 1, 2019 and December 31, 2024
- The price of the out-of-network provider is the same or less than the statewide average for the same covered health care service
- Your service falls within one of these service categories
 - Physical/Occupational Therapy
 - Laboratory Services
 - Radiology and Imaging Services
 - Infusion Therapy
- Your service occurred within the past 90 days of this request

To determine the statewide average of a health care service, you will need to use comparemaine.org, a website maintained by the Maine Health Data Organization (MHDO). If you do not have access to the internet, the MHDO will provide the required information over the phone. Contact the MHDO at (207) 287-6722, Monday through Friday 8:30 a.m. to 5 p.m.

Follow the instructions on the tool to determine the lowest cost provider for your service. You may need to obtain more specific information about your service from your provider such as procedure description or procedure code.

Once you have determined the lowest cost provider for your service, you will need to elect to use that provider to perform the service.

Once you have decided to use the lowest cost provider, search our Provider Directory at www.healthoptions.org/individuals-families/doctors-hospitals to determine if they are in our network. If the provider is a member of our network, and any prior authorization requirements, if any, are met, then you need to do nothing further as the PPO Out of Network Lower Cost Provider benefit does not apply.

If the provider is not in our network and you choose to use the provider for your service, you may request that we apply your payment towards your In-Network Deductible and Out-of-Pocket maximums.

Please print, complete the form and submit it, along with all required documentation to:
